Precautionary Statements

Prevention:	Keep away from heat, sparks, open flames. No smoking. Avoid breathing vapors. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves, eye protection and face protection.
Response:	IF ON SKIN: Wash with soap and water. Prolonged contact may cause dermatitis. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse with water for several minutes. If eye irritation persists: Get medical attention. In case of fire: Use foam, dry chemical or carbon dioxide to extinguish.
Storage:	IF INGESTED: Do not induce vomiting. Drink water. Get immediate medical aid. Store in a well-ventilated place. Keep container tightly closed.
Disposal:	Keep in a cool and dark area. Dispose of contents and/or container according to Federal, State/Provincial and local governmental regulations.

H-2, F-2, R-0

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910.1200) and is consistent with the provisions of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

3. COMPOSITION / INFORMATION ON INGREDIENTS

Hazardous Component(s)	CAS Number	Percentage*
N,N-Dimethylformamide	68-12-2	>95

* Exact percentage is a trade secret. Concentration range is provided to assist users in providing appropriate protections.

4. FIRST AID MEASURES

Inhalation:	Move to fresh air. If not breathing, give artificial respiration. If respirator irritation, dizziness, nausea or unconsciousness occurs, seek medical attention.
Skin contact:	Wash contact area with soap and water. Remove contaminated clothing. Launder contaminated clothing before use.
Eye contact:	Immediately flush thoroughly with water. If irritation occurs, get medical attention.
Ingestion:	Seek immediate medical attention. Do not induce vomiting. Drink water.
Symptoms:	See Section 11.
Notes to physician:	Treat symptomatically and supportively..

5. FIRE FIGHTING MEASURES

Extinguishing media:	Water spray (fog), foam, dry chemical or carbon dioxide.
Special firefighting procedures:	In enclosed spaces, wear a self-contained breathing apparatus. Will burn if involved in a fire.
Unusual fire or explosion hazards:	Vapors are heavier than air
Hazardous combustion products:	None known.

6. ACCIDENTAL RELEASE MEASURES

Use personal protection recommended in Section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.

Environmental precautions:	Ventilate area. Do not allow product to enter the environment.
Clean-up methods:	Absorb or cover with dry earth, sand or other non-combustible material. Use clean non-sparking tools to collect absorbed material. Refer to Section 8 "Exposure Controls / Personal Protection" prior to clean up.

7. HANDLING AND STORAGE

Handling:	Prevent contact with eyes and avoid contact with skin. Avoid breathing vapor and mist. Wash thoroughly with soap and water after handling. Material can accumulate static charges. Keep away from heat, sparks and flame.
Storage:	For safe storage, store between 0 °C (32°F) and 24°C (75°F). Keep in a cool, well ventilated area away from heat, sparks and open flame. Keep container tightly closed until ready for use.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Employers should complete an assessment of all workplaces to determine the need for, and selection of, proper exposure controls and protective equipment for each task performed.

Hazardous Component(s)	ACGIH TLV	OSHA PEL	AIHA WEEL	OTHER
N,N-Dimethylformamide	10 ppm TWA	10 ppm TWA	10 ppm TWA	None

Engineering controls:	Use positive down-draft exhaust ventilation if general ventilation is insufficient to maintain vapor concentration below established exposure limits.
Respiratory protection:	Use NIOSH approved respirator if there is potential to exceed exposure limit(s). Organic vapor cartridges are recommended.
Eye/face protection:	Safety goggles or safety glasses with side shields. Full face protection should be used if the potential for splashing or spraying of product exists.
Skin protection:	Use appropriate gloves and aprons as necessary to prevent contact.
